Re: Notice of File Closure for Small Mining Activities, Rosebud Placer Project, S/041/005, Sevier County, Utah

Dear Mr. MacKenzie:

This letter is to notify you that file #S/041/005, for the Rosebud Placer project, located in Section 17, T26S, R4W, Sevier County, Utah, will be retired from our files.

In a recent conversation with the United States Forest Service, it was confirmed that the reclamation had been satisfactorily performed for this project. The Fishlake National Forest, Beaver Ranger District closed out their file for this small mining project. Because this project is located on USFS managed lands, we will accept their recommendation and also close our file accordingly. You are hereby released from any further mining or reclamation responsibility at this site. You will not have to pay the \$100.00 permit fee that was sent to you. If you wish to restart any mining related activity in this area, you will have to submit a new notice to the appropriate agency and receive written approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Lynn Kunzler  
Senior Reclamation Specialist
